

SADDLE DEMO PROGRAM

We know that selecting the right saddle for your bike is one of the most important equipment decisions you'll make, and it can also be one of the hardest. Everyone's anatomy is different, and a saddle that's great for one rider may not be right for another. That's why we want to give riders a chance to try our different saddles before they commit to buy; that way they can find the model that works the best for them. If you're interested in taking part in our demo program please read the details below and then either contact us by phone, or by filing out and emailing this form. Happy trails.

Details:

You can demo any or all of the Williams saddles. Here's how it works: simply fill out and email this form, or call in with your details. You pay an up front cost of \$20 (which helps us cover the cost of the program) and we send you any saddles you want to try, as well as a prepaid return shipping label. Once the saddles arrive you'll have 10 days to test the saddles to see which one works best for you. At the end of 10 days you ship the saddles back to us for free using the included return shipping label. When you find the saddle you like we'll give you a \$10 credit towards its purchase.

Note:

- Due to the high cost of shipping, this program is only available to customers in the U.S.
- You must have a credit card to participate in this program.
- If you do not return the saddles within the specified time limit you will be charged the full retail price of any saddles you ordered.
